ONE FIRM SELLS \$138,000 WORTH OF REALTY--EVIDENCE OF PROSPERITY

WHEN one firm makes \$138,000 in sales, it is time to sit up and take notice. What our concern can do, others can accomplish. If the present tide of prosperity—it isn't a boom—continues at its flood, as it bids fair to do, El Pasoans will soon be hearing of other real estate dealers making weekly sales the aggregate of which ranges in the hundreds of thousands. And keep your eye on that new market house. It is one of the many symptoms of El Paso's progress.

The Value of a Home

Who can estimate the value of a home if we consider the character forming effect on the young in a home, where each child has saved, that he can contribute his mite towards owning the home?

Fortunate, indeed, is the child that is reared in a real home, but even more fortunate is the child that has been trained to contribute his farthing toward the securing of the home.

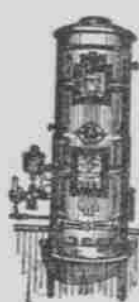

We will build you a home on easy terms.
